

MP310 and **MP320** series are multi proximity 13.56MHz RFID readers.

With our popular piano black finish housing, these readers are designed for seamless integration with access control, time & attendance, vehicle tracking, logistics or data collection applications.

MP310 / MP315 are UID only proximity readers.

MP320 / MP325 are configurable proximity readers.

Each model has a choice of power requirement... either 5-12 VDC or 5-48 VDC for flexibility when installing at different sites.

13.56MHz RFID Readers Wiegand and RS232 5-12V or 5-48V

	MP310 / MP315	MP320 / MP325
Reads	UID Only	Configurable
Power	MP310: 5V ~ 12V MP315: 5V ~ 48V	MP320: 5V ~ 12V MP325: 5V ~ 48V
Frequency	13.56MHz	
Card Types	ISO 14443A/B, SRI4K, SRI512, ISO15693, SIC5600, ICODE-SLI / SLI-L / SLI-S, NFC 1-4 tag	
Interface	Wiegand, RS232	
Indicators	LED & Buzzer	
Dimensions	83 x 47 x 16mm	
Operating Temp	-10°C ~ 60°C
