

13.56MHz
RFID

MP200A is a compact handheld multi-protocol RFID reader capable of reading various types of 13.56MHz RFID cards, tags and fobs.

USB and RS232 interface allows for easy integration into existing solutions/applications.

USB HID and RS232 Supported

Enhanced anti-collision algorithm
for multi-card handling

Low power consumption

Supported Card Types

ISO 14443A
MIFARE® 1K, 4K,
Ultralight®, Ultralight C,
DESFire® EV1 EV2
ISO 14443B
SRI4K, SRI512
ISO 15693
I-CODE series, SIC5600
NFC Type 1-4 Tag

Applications

Logistics
Inventory Management
Ticketing System
Library Management
Data Collection

Specification

Frequency	13.56MHz
Power	5VDC (via USB)
Card Type	ISO 14443A MIFARE 1K, 4K, Ultralight®, Ultralight C, DESFire® EV1 EV2 ISO 14443B SRI4K, SRI512 ISO 15693 I-CODE series, SIC5600 NFC Type 1-4 Tag
Interface	USB HID & RS232
Temperature	Operating: 0°C ~ +60°C
Humidity	10 ~ 90% relative
